5. [redacted] Talked with Miss Fenton, in the office of Senator Pat McCarran, concerning a constituent inquiry which they had referred to the State Department and in which Mr. Fred Dutton, of State, suggests that the Agency provide information in response to the constituent's complaints about the lack of supervision over the Agency. I talked with Miss Fenton at some length explaining the relationships between the Agency and our Subcommittees of the Senate and House Armed Services and Appropriations Committees and indicated that any official response would have to be no comment. Miss Fenton appreciated our position adding that she regretted that State Department had made a specific reference to the Agency in its response. In any event, she will handle the matter without further reference to CIA.

6. [redacted] Met with Mr. Robert Smart, Chief Counsel, House Armed Services Committee, and provided him with the possible times later this week and the beginning of next week for the Director's appearance before the Committee. Mr. Smart advised that he would have to check further and advise. Also discussed briefly the present hearings of the Robert Committee on the Defense Department fallout shelter program.
